Thanks! I incorporated the same language into the riverside proposed plan.

I pulled up the PRAP for Arsenic Mine, and the mailing address for comment is 290 Broadway, so we should go with that.

I also noticed that the text box on the first page included information on the virtual meeting, including registering in advance. Do we need to include this language for Riverside? (the formatting of this is off, but here's the link:

Well, the display ad states that written comments should be emailed to you. We do say there's an information repository at 290 Broadway.

**Subject:** mailing address for submitting comments

Hi Michael and Shereen,

For the fact sheet, Michael commented on the mailing address. Is the mailing address for people submitting comments still 290 Broadway or is it now edison?

Thanks,

Josh
